

"Not just a walk in the park for small breed dogs"

## Professional Dog Walker

I provide a dog walking service with lots of TLC for small breed dogs.

Our Shorties can often crave much needed individual attention and sometimes smaller dogs miss out on this if they are walked in a pack or with larger dogs. I can include individual playtime, grooming or even just a cuddle in the house in front of the TV.

I also understand sometimes little dogs have big needs! If required I can provide longer walks to ensure they are tired out for your arrival home.

I always ensure both your dogs and home are left mess free on return.

Full Insurance cover held and CRB checked.
